BEIS YAAKOV JEWISH HIGH SCHOOL ACADEMY

GOVERNORS' REPORT

YEAR ENDED 31 AUGUST 2018

The governors present their annual report together with the financial statements and auditors' report of the charitable company for the year ended 31 August 2018.

Structure, Governance and Management

Constitution

The academy trust is a company limited by guarantee and an exempt charity. The Charitable Company's memorandum and articles of association are the primary governing documents of the academy trust.

The governors act as the trustees for the charitable activities of Beis Yaakov Jewish High School Academy and are also the directors of the Charitable Company for the purposes of company law. The Charitable Company is known as Beis Yaakov Jewish High School Academy.

Details of the governors who served throughout the year are included in the Reference and Administrative Details on page 1.

Members' Liability

Each member of the Charitable Company undertakes to contribute to the assets of the Charitable Company in the event of it being wound up while they are a member, or within one year after they cease to be a member, such amount as may be required, not exceeding £10, for the debts and liabilities contracted before they ceased to be a member.

Governors' Indemnities

In accordance with normal commercial practice the Academy Trust has purchased insurance to protect governors and officers from claims arising from negligent acts, errors or omissions occurring whilst on Academy Trust business. See note 12 for further details.

Principal Activities

The Academy Trust's principal activities are specifically restricted to advance, for the public benefit, education in the United Kingdom, in particular but without prejudice to the generality of the foregoing by establishing, maintaining, carrying on, managing and developing a school offering a broad and balanced curriculum.

The Academy Trust operates under a Funding Agreement issued by the Department for Education on 29 August 2012 and commenced operations on 1st September 2012.

Method of Recruitment and Appointment or Election of governors

The Trustees may appoint at least 3 governors. They may appoint staff governors through such process as they may determine, usually by secret ballot, provided that the total number of governors (including the Principal) who are employees of the Academy Trust does not exceed one third of the total number of governors. The LA may appoint up to 1 LA governor. The Executive Principal and Head Teacher shall be treated for all purposes as being ex-officio governors. There will be a minimum of 2 parent governors who shall be elected by parents of registered students at the Academy. The governors may appoint up to 5 co-opted governors.

Policies and Procedures Adopted for the Induction and Training of governors

New governors attend full governing body meetings and subsequently populate committees, often according to interests and personal expertise, as well as being given the opportunity to view the workings of the Academy. The opportunity also exists for governors to join planned training sessions.

Organisational Structure

A unified leadership structure operates to help improve the way the Academy is run. The structure consists of the Governors and the Senior Leadership Team. The aim of the management structure is to devolve responsibility and encourage decision making at all levels.

The governors are responsible for the strategic development of the Academy, monitoring the Academy by the use of budgets and management accounts and making major decisions about the direction of the Academy, capital expenditure and staff appointments.

BEIS YAAKOV JEWISH HIGH SCHOOL ACADEMY

GOVERNORS' REPORT (continued)

YEAR ENDED 31 AUGUST 2018

Organisational Structure (continued)

To ensure an efficient and effective committee structure with the Academics' School Improvement Plan at its' core, there are governor committees responsible for Curriculum and Pupil Welfare, Commercial and Risk, and Pay & Performance. The Commercial and Risk Committee's responsibilities incorporate the duties of the Finance committee.

The Senior Leadership Team comprises the Executive Principal (accounting officer), Head Teacher, and Deputies. These leaders direct the Academy at an executive level implementing the policies laid down by the governors and reporting to them regularly. The Executive Principal, Head Teacher and Finance Manager, in conjunction with the governors are responsible for the authorisation of spending within agreed budgets and the appointment of staff, though appointment boards for posts in the Senior Leadership Team always contain a governor. Some spending control is devolved to members of the Senior Leadership Team, according to the school's scheme of delegation. Matters outside set limits are countersigned by the governors.

The arrangements for setting pay and remuneration of key management personnel is the domain of the finance committee that is a sub committee set up by the governors and includes at least one governor. The committee ensures to pay salaries in line with national pay scales.

Heads of Department are responsible for the day to day operation of curriculum subject areas and organise their teaching staff, capitation resources, facilities and students accordingly.

Risk Management

The governors have responsibility to assess the strategic risks to which the Academy is exposed and intend to commission a systematic analysis of all risks to produce a risk management register.

The governors are implementing a number of systems to assess risks that the Academy faces, especially in the strategic risks areas and in relation to the control of finance. They have introduced systems, including operational procedures and internal financial controls in order to minimise risk. The Academy has an effective system of internal financial controls and this is explained in more detail in this report.

Connected Organisations, including Related Party Relationships

As part of its operation the Academy liaises with organisations such as the Local Authority as well as with other education providers and trainers such as local schools. These include the Salford Secondary Schools School Provider Arm.

These links are maintained in the interests of information sharing, supporting good practice, accessing CPD, and they consolidate well established mutually supportive associations.

Objectives and Activities

Objects and aims incorporating Objectives, Strategies and Activities

The History of Beis Yaakov Jewish High School Academy

The school was founded by the local Charedi (Strictly Orthodox) Jewish Community in 1957 to provide religious and secular education for girls aged 11 – 18. In January 2005 the school became Voluntary Aided in the City of Salford for girls aged 11-16, with a small independent Sixth Form attached. The period 2005 – 2009 was one of immense challenge as the school created and developed all the systems demanded of a Voluntary Aided school, and moved into its new building. Following a period of consolidation, the school then converted to Academy status in September 2012.

The school serves the North-West Jewish Community based in Salford, Bury, and Manchester, providing a comprehensive education for girls with a broad curriculum formed of integrated secular and Jewish studies delivered during an extended school day. Almost all pupils progress to Jewish FE colleges after GCSE.

Our focus is to provide a secure and safe environment, preparing pupils for their long-term roles as British Citizens contributing to their own local communities and to wider society.

The Ethos of Beis Yaakov Jewish High School Academy

Pupils of the School are expected to embrace the school's religious ethos and to live their lives accordingly. Every aspect of school life is governed by the codes of Torah observance, which includes adherence to a modest way of life and strong morals and ethical values.

The School's expectation is for its pupils to have no access to any inappropriate media and that parents are expected to ensure that their children do not have access to the internet or any other media not meeting the stringent moral criteria of the Charedi community. Pupils are expected to dress at all times in accordance with the strictest standards of *Tznius* (modesty). The School is guided in this matter by the presiding Rabbi of the Machzikei Hadaas Beth Din of Manchester.

BEIS YAAKOV JEWISH HIGH SCHOOL ACADEMY

GOVERNORS' REPORT (continued)

YEAR ENDED 31 AUGUST 2018

The School has a unique sense of family and belonging, and Orthodox Jewish values permeate every aspect of school life and are consistent across all families, pupils and governors of the school.

The school promotes a learning culture with known and shared aims that affect all school policies and practice. There is a variety of themed activities through the year which reinforces pupils' academic skills, and provides a broad scope for developing their Jewish knowledge.

Acts of collective worship led by pupils take place twice a day for the morning and afternoon services. The morning service takes the form of a whole-school assembly, led by Year 11 pupils.

The aims of the School

- To offer a broad and balanced curriculum to cater for every pupil's needs and to ensure that all pupils reach the highest possible standards in both Jewish and secular studies.
- To give the pupils a love of Torah learning and practice
- To promote a strong sense of social responsibility as fundamental to all aspects of life
- To develop self-esteem, resilience, confidence and ambition in pupils.

The School roll

The school roll (excluding 6th form) has risen from 216 in 2008-9 to 330 in 2017-18. Based on information from our feeder schools, it seems likely that a similar order of increase will continue each year.

Our intake comprises about 75% from Yesoday Hatorah School, Prestwich, about 10% from Broughton Jewish Cassel Fox Primary School, Salford, and about 10% from two local independent schools. The balance comes from pupils who have moved to the area from elsewhere in the UK or from abroad.

The Leadership Structure

The Senior Leadership Team comprises of:
Rabbi N Wilson, Menahel/Executive Principal
Mrs S Feddy, Head Teacher
Mrs S Reif, Menacheles/Deputy Principal

Rabbi Wilson – Executive Principal

Rabbi Wilson joined us following a ten-year tenure as Senior Rabbi of the Redbridge community in London. During his time in London he taught in a number of High schools, held the position of Rabbinic Governor to King Solomon High School in Ilford and contributed towards the development of young teachers through a programme of teacher training.

In addition to his Torah scholarship and passion for Jewish studies, Rabbi Wilson brings the rigours of academic study and a strong focus on evidence-based practice in education. Rabbi Wilson is currently working on a PhD at the UCL Institute of Education on competing pedagogies in faith education.

Rabbi Wilson is committed to leading staff in further developing the school's unique and distinctive ethos and to together ensuring that all our girls have the opportunity to achieve their best and use their learning and their religious values to make a difference in the world they live in.

Mrs Feddy – Head Teacher

After gaining her BEd Hons in science from Sheffield, Mrs Feddy taught physics in Standish Community High School in Wigan from 1987 to 1996. Beside her roles as physics teacher and cross-curricular co-ordinator, Mrs Feddy also taught electronics and bridge to adults in the Standish local community.

After moving to Beis Yaakov High School in 1996, Mrs Feddy showed flexibility in more ways than one by teaching PE and maths as well as physics. In 2000, Mrs Feddy joined the senior management team, holding the roles of pastoral leader and head of maths, before progressing to deputy head. Since taking up the role of head teacher, Mrs Feddy has led the school out of special measures to good and is now committed to taking the school to outstanding.

Mrs Reif – Deputy Principal

Mrs Reif gained her teaching qualification in Gateshead Jewish Teachers Training College. She began her teaching career in Yesoiday Hatorah Primary School, Manchester where she taught pupils in KS1 and KS2 and helped them develop both academically and in their life skills. Subsequent to this she spent two years teaching High School girls in the USA, before returning to Manchester where she began her tenure at BYJHS. Throughout her time at BYJHS, Mrs Reif has been involved in both formal classroom teaching and extra curricular activities.

In 2012 Mrs Reif progressed to head of faculty for Nach and continued on to join the Senior Leadership Team in the summer of 2016 as Deputy Menacheles.

The SLT have worked tirelessly to further raise standards of behaviour and academic excellence, by building capacity amongst the staff with CPD and building strong communication with all stakeholders.

The SENDCO, along with her assistant, successfully leads an excellent team, which currently numbers almost 20 staff members who all work constantly to deliver the best to the children on the SEN register. The SENDCO interacts with all staff and pupils, ensuring that each pupil's needs are addressed, and enabling maximisation of care and education across the board.

BEIS YAAKOV JEWISH HIGH SCHOOL ACADEMY

GOVERNORS' REPORT (continued)

YEAR ENDED 31 AUGUST 2018

The Staff

The staff members are dedicated and professional, and very willing to learn and grow. The large majority of staff come from the local community and many are part-time. Staff retention is very good, which is good for stability but risks conservatism. Recruitment is challenge for all areas of the curriculum, as we struggle to cover maternity and younger members of staff who marry and consequently move away. A number of exciting appointments have been made recently and we are constantly looking to build capacity and looking at creative ways restructure.

OFSTED Inspection dates 15–16 December 2015

Overall effectiveness Good

Effectiveness of leadership and management Good

Quality of teaching, learning and assessment Good

Personal development, behaviour and welfare Good

Outcomes for pupils Good

“This academy has improved rapidly and significantly since its last inspection. All areas for improvement detailed in the last inspection report have been addressed and are now strengths of the academy.

The executive principal and head teacher share with senior leaders and governors a strong sense of direction and ambition for the academy.

Most pupils reach high levels of attainment and progress, given their starting points, by the time they leave Year 11.

The behaviour of pupils is good. Most pupils now attend the academy very regularly and enjoy everything it offers.

Governance has improved beyond measure since the previous inspection. Governors are now well able to support senior leaders and challenge them to make the academy as good as it can be.

The school's work to support pupils' spiritual, moral, social and cultural development is a strength of the academy.

Parents and staff are overwhelmingly positive about the academy's work and the changes brought about by senior leaders and governors to improve the academy further”.

OFSTED 2015:

- Most teaching over time in the academy is good, both in National Curriculum subjects and in Kodesh (Jewish Studies). This is evidenced in teachers' planning, pupils' work and in the at least good progress that pupils make across a range of subjects. Teachers mark pupils' work diligently and comply consistently with the academy's marking policy.
- Teaching is characterised by very positive and respectful relationships between teachers and pupils. This leads to the strong engagement of pupils in their learning. This is because teachers typically have very strong subject knowledge. They are confident to adjust their plans and re-shape pupils' learning, in response to pupils' spontaneous questions and ideas, or misconceptions, driving pupils' thinking more deeply.
- These teachers find innovative ways of helping pupils to apply their learning to their own daily lives and faith, fostering their high levels of motivation to learn. This was the case in a Year 10 history lesson on Hitler's foreign policy. Pupils discussed a range of cartoons and photographs of the period, matched to just the right level of challenge. They then worked out what was happening and how reliable the image was as evidence. This produced some very sophisticated ideas and language from pupils and deepened their critical thinking.
- Teachers promote pupils' reading, writing and mathematics effectively across the range of subjects. Teachers' insist on the correct use of subject-specific terms. Pupils are enthusiastic and fluent readers.

BEIS YAAKOV JEWISH HIGH SCHOOL ACADEMY

GOVERNORS' REPORT (continued)

YEAR ENDED 31 AUGUST 2018

The Pupils

OFSTED 2015:

- The school's work to promote pupils' personal development and welfare is exemplary. Pupils' personal development and welfare are the cornerstone of the academy's vision of providing a nurturing, caring social environment in which the views of all members are heard, valued and respected and in which students develop self-esteem and are supported to become independent young adults.
- Extra-curricular provision is very rich. As well as having opportunities to experience a range of sporting activities, pupils involve themselves eagerly in various interesting and worthwhile experiences, which are not only enjoyable, but also give them opportunities for leadership.
- All pupils in Key Stage 4 are expected to lead a team and organise a project, whether an entertainment project, a contribution to one of the academy's many social events and festivals, or a community project. Pupils must apply to lead their project and cost it, developing the beginnings of economic awareness and skills for pupils' future working lives.
- Pupils are very active in the community, for example, in their commitment to regular visiting of elderly local residents, participating in a local authority project to re-generate a nearby local park and in numerous charity funding events. Many pupils aspire to work in caring professions in their future lives.
- The curriculum strongly supports this exceptionally good spiritual, moral, social and cultural development. Pupils express their understanding of their own and other cultures through musical activities, high-quality artwork and poetry displayed around the academy. Pupils' social and moral maturity is clear in their lively debates on world events.
- In Kodesh lessons and in assemblies, pupils relish the many opportunities to reflect on and discuss deep spiritual concepts and their meaning for pupils' own lives.

- Pupils are knowledgeable about different social and political systems, such as democracy and monarchy.
- The girls generally enjoy school and work hard. They know that staff members are there to help them and that there is always someone to talk to. Year 7 parents comment very positively on the happiness of their daughters in the transition period and afterwards. The girls are always willing to help each other even when they are in different year groups.

The strong family atmosphere in the school promotes a sense of care and responsibility. Behaviour is generally good, and very few lessons are significantly interrupted by discipline issues. The SLT provides good support to deal with incidents of poor behavior. Problems of aggressive or deviant behaviour, sex, drugs, alcohol, smoking etc, are non-existent. Girls do not socialise with boys. Ninety percent of the girls have no access to television or internet at home and do not attend cinemas or theatres. Many would only attend a local library with parental supervision. Staff are required to abide by a protocol which protects this fence. Thus no reference to TV characters etc. is made in school, and girls are never instructed to research on the Internet. Instead, Staff downloads materials and issues it to the girls.

The School received the national "Healthy School Status" award in Feb 2009. 89% of pupils walk to and from school most of the time. There is a focus on healthy school meals, and lessons emphasise balanced diet and how to keep fit and healthy.

The School Council represents the pupil voice effectively. It enables students to make significant contributions to all areas of school development. The Year 11 student team is responsible for a range of internal community projects including a school newspaper, and social and cultural events.

The Parent Body

The school works very closely with the parent body, which is extremely supportive of the aims and practices of the school. Parents are well-informed and take an interest in their child's education. This close and extensive partnership that exists between school and home ensures that there is excellent synergy between the school ethos and the school community.

The average family size is large (few families have less than 4 children; many have 8 or 9, with a few in double figures). The family unit and extended family are very important. We therefore have detailed rules on absence for family celebrations to minimise discontinuity of learning.

Many families are financially challenged due to family size, but few children are eligible for FSM since at least one parent works. The Governing Body has remonstrated at local government level about this loophole whereby children from large families are not eligible for FSM.

Most pupils speak English as a first language. However, many parents were born abroad, and speak their mother tongue in the home.

There are certain areas of syllabus which must be dealt with sensitively to ensure that the content is delivered within the ethos of the school. The school provides parenting workshops, a resource library and a team of parenting advisors. Parents wish the school to restrict exposure to Internet material etc., and notwithstanding these parameters we deliver Computing GCSE and Business Studies GCSE.

BEIS YAAKOV JEWISH HIGH SCHOOL ACADEMY

GOVERNORS' REPORT (continued)

YEAR ENDED 31 AUGUST 2018

Curriculum

The school delivers a National Curriculum based syllabus over years 7–11, while at the same time offering Jewish studies lessons at equivalent levels. Jewish studies subjects include study of Biblical texts with commentaries, and various aspects of Jewish Law, Ethics, Prayer, and other subjects.

Over the last few years we have developed a more extensive use of ICT in classrooms across all lessons. We constantly review and modify the secular and Kodesh curricula to ensure that it is broad and balanced and meets the needs of groups of pupils and individuals.

Several new subjects are now taught at Key Stage 4, such as Geography, Citizenship and Computing.

A form period, delivered by form tutors (“Mechanchos”), has been introduced to Years 7 and 8 with a very successful programme of study, which focusses on mental health, study skills and guidance on interpersonal relationships and how they contribute to life skills. Cross-curricular activities, both whole school, and in year groups, open new vistas on how subjects integrate.

Inclusion

The school aims to ensure that no pupils are disadvantaged for any reason. We have a highly responsive SEN department aimed at ensuring that every pupil can access lessons at their level. There is a separate tier of support for girls not on the SEN register who may have weaknesses. We have a special “top-up” programme in Jewish Studies for pupils who are struggling.

We continue to focus on improving the aids we can give to students struggling with the GCSE exams, via extra time, amanuenses etc.

Pupils with physical access problems have their needs continually assessed e.g. feedback after fire drills. We have improved curriculum access for pupils coming from primary school with lower than average standards, via tutoring and other programmes.

We create individual timetables for pupils where necessary e.g. after a prolonged absence.

Care, Guidance and Support

Pastoral care is a key element of our provision and is central to our ethos. A student’s happiness and well-being are recognised as the foundation for their success. It underpins everything that we do and along with a high quality of teaching and learning, it is what our school is all about. Whilst ‘pastoral care’ is everyone’s responsibility in school, we have a formal structure designed to ensure that every pupil’s needs are catered for. Each year group has a pastoral team that is responsible for the welfare of the students in its year and deals with matters such as students’ personal problems in school, discipline, students’ records, parents’ queries, absences and social activities.

Students who require extra support are placed on our mentoring system. Here, pupils are more closely monitored and receive support tailored to their needs through a “big sister”, mentor, and the school counsellor or school psychologist. The school counsellor and psychologist also advise staff on how best to interact with the pupils. There is continuous monitoring and improvement of this system.

The 2014 Ofsted report notes that: “Students know they can approach staff if they have a problem, either at school or at home. They feel confident that staff will always try to help them when they encounter difficulties in their lives.”

Transitions

From January each year we make detailed plans for the incoming Year 7 to ensure their specific needs are met. This involves liaison with primary schools, who guide us about the extra provision that needs to be made for the cohort. We conduct CAT tests on the incoming cohort after admissions have been agreed and this complements KS2 SAT results in the planning of differentiation etc. in Year 7.

In the summer term Year 9 invite the incoming Year 7 to an event to allow them to meet one another and the staff.

Similarly we liaise with Jewish FE colleges to ensure an easy transition from Year 11. We arrange bespoke programmes for pupils joining other than in September of Year 7. Peers are encouraged to make out-of-school contact before the new girls arrive.

BEIS YAAKOV JEWISH HIGH SCHOOL ACADEMY

GOVERNORS' REPORT (continued)

YEAR ENDED 31 AUGUST 2018

Term Dates and Times of School

The term dates are based on the Jewish calendar, around Jewish Holiday dates. We have an extended school day to 5:10 pm from Monday to Thursday, with a flexible finishing time on Friday to accommodate the varying times of the commencement of our Sabbath.

Crèche Facilities

There is an on-site crèche for children of staff up to age 3.

The School Environment

We are very fortunate to have a new school building with excellent facilities. Ofsted reported that displays around the school, are of the highest standard and are a good reflection of the ethos of the school.

Safety in School

As a minority racial group, there is a risk of racist incidents occurring outside the school from the general public. Pupils know that incidents will be dealt with by staff if in the vicinity of the school. Security priorities are raised at times of potential crisis. A Government initiative has provided security guards for the school throughout the school day. Parents are satisfied with our proactive and safe environment.

Bullying is not a major problem. Social issues are addressed by the pastoral team who use, among other methods, a restorative justice approach . Pupils are encouraged to work together to find solutions.

The pupils are confident that the school deals quickly and effectively with issues. The vast majority feel able to approach a member of staff if something is concerning them. Members of the SLT are accessible pupils.

Communication with Parents and Carers

The school is community-based and runs in accordance with the religious demands of the parental body. Communicating with parents/carers is a very high priority in school. Response to surveys, and informal feedback show that the vast majority of parents are very happy with school. This can be further evidenced by the growing school roll.

The school has a computer-based system for sending SMS text messages to parents – individual and groups – which all parents have opted in to for routine messages and reminders.

Parents are able to contact form teachers and pastoral staff with any problems their daughters are experiencing. The SLT are available when necessary

Parents' evenings and regular leveled reports ensure that parents are kept well informed about their child's progress. Parents unable to attend parents' evenings are given an alternative opportunity. Homework diaries provide a link between parents and teachers.

Parents are kept well-informed of school matters through the year with regular news letters. In addition, questionnaires seeking parental input and opinions on current issues are carried out through the year to ensure that appropriate decisions are made.

The SEN department is in continual contact with parents of pupils on the SEN register. Other parents also make contact with SENDCO for advice.

Within the Wider Community

Throughout the year there are activities which impact on the local community. These include senior citizens' parties, sponsored activities for charities, lunch-time visits and occasional performances in homes for the elderly. Individual girls help at the soup kitchen, visit elderly people, look after special needs children, help busy mothers in the evenings etc.

BEIS YAAKOV JEWISH HIGH SCHOOL ACADEMY

GOVERNORS' REPORT (continued)

YEAR ENDED 31 AUGUST 2018

Pupil Attendance

The School is very aware that students' attendance record in the past has not been good enough. Further progress has been made in this past year, with our headline attendance figure now at 94.5%, and we are aware that we need to constantly work hard to maintain this and level and push to increase attendance further.

Persistent absence is relatively low. When such a situation arises it is immediately addressed and a special re-integration programme introduced.

Skills for the Workplace

We recognize that the majority of our students will opt to attend a religious seminary when they graduate from BYJHS. While these seminaries focus on religious studies, most of them also offer a number of A level/ vocational courses. A small number of our alumni choose to go to 6th form college straight from school and many of the girls who attend religious seminary will choose to further their secular education once they graduate seminary.

We take seriously our duty to give our students the best possible secular education, to give them the options for a career in STEM, Humanities or creative subjects.

In line with this, our Careers Officer offers all girls careers advice and facilitates speakers coming in from different professions.

Workplace skills are integrated within the curriculum. Below are examples of areas from recent years:

Maths department: budgeting project based on catering for school meals

ICT GCSE course includes banking and business management.

OCR Text Processing Business Professional diploma offered to Yrs 10 and 11. This very popular course now has over 50% of pupils from each year group, and is always oversubscribed.

GCSE courses in Art, Home Economics and Textiles.

Organisational skills gained from arranging school activities and programmes, through which pupils learn to plan and evaluate.

Compulsory Modern Hebrew to GCSE. Many of our pupils often chose to live temporarily in Israel and this skill helps their employment prospects there.

AQA Entry Level courses for girls who cannot access GCSE along with AQA accredited certificates on a variety of courses created specifically to cater for our SEN pupils.

Extra-Curricular Activities

OFSTED 2014: "Students enjoy a range of extra-curricular activities, including trips locally and abroad. This enriches their lives considerably"

There are regular assemblies, and frequent guest speakers on subjects related to special days of the Jewish calendar and National and International days.

There is a Gifted & Talented out-of-school art club which creates permanent display features for the school. Membership is voluntary and by invitation. It is an opportunity for students who have an artistic talent to develop it.

The positive experiences of trips away (Years 9, 10 & 11) encourage the unity of the year groups, by placing an emphasis on the special qualities that everyone possesses.

There are a variety of clubs taking place in school including: Badminton Club, Trampolining, Games Room, Maths Club, English Club, Art, Sewing, Library, Gardening Club, Creative Writing Club & The School Choir.

Pride in our School

We are very proud of our pupils and all that they achieve. Our results are consistently high and always above the average of the local authority and of the national statistics. The pupils in their turn are very proud of their membership of our school, and frequently praise it to others.

Public Benefit

In drafting the above statements, the trustees have complied with the duty in the relevant Section of the Charities Act 2011, to have due regard to public benefit guidance published by the Chanty Commission in exercising their powers or duties.

Achievements and Performance

OFSTED 2014: The majority of students, including the most able, make good and sometimes outstanding progress in a range of subjects, including English and mathematics. Teaching is good. Teachers have high expectations and good subject knowledge. They ask searching questions that challenge students intellectually. As a result, most students achieve well in their public examinations.

SUBJECTS STUDIED IN EACH ACADEMIC YEAR 2017-2018

Additional information can be obtained from the School Office.

YEAR 11 PERFORMANCE 2017-18

The new GCSE English curriculum (9-1 grades) overall outcomes were positive with 90% of pupils attaining a grade 9-4. (The national average is 77.4%.)

The new GCSE Maths curriculum (9-1 grades) overall outcomes were also positive with 87% of pupils attaining a grade 9-4. (The national average is 79%).

Pupils achieving a grade 4 and above in both English and Maths was 84% (National average is 67.7%).

Overall 2018 headline data has shown a significant increase in P8 to 1.25. This places the school in the top quarter of a percent of schools nationally.

Attainment 8 score is also up from 5.5 to 5.97.

Overall Progress 8

BEIS YAAKOV JEWISH HIGH SCHOOL ACADEMY

GOVERNORS' REPORT (continued)

YEAR ENDED 31 AUGUST 2018

Going Concern

After making appropriate enquiries, the Governing Body has a reasonable expectation that the Academy Trust has adequate resources to continue in operational existence for the foreseeable future. For this reason, it continues to adopt the going concern basis in preparing the financial statements.

Further details regarding the adoption of the going concern basis can be found in the Statement of Accounting Policies and in the independent reporting accountant's assurance report on regularity.

Value for Money

The academy trust delivers good value in the use of public resources. Value for money refers to the educational and wider societal outcomes achieved in return for the taxpayer resources received.

The school has achieved this by:

1. Rigorous procedures for establishing, reviewing and evaluating school budget, including comparisons and benchmarking. Financial governance and oversight by the governors is strong, with a Finance Director heading up an expanding finance team.
 - For example: monthly management accounts with budget comparisons produced and regular review at Governor subcommittee level to ensure the best possible value for Money is achieved.
 - For example strong recruitment protocols developed and effective monitoring of Salary budgets.Targets: To develop in-depth internal audit protocol and to ensure that conflicts of business interests are declared and scrutinised.
2. Strong purchasing procedure, constant review of suppliers, ensuring value for money comparisons for purchased items.
 - For example: required written quotes and tendering processes adhered to as laid out in the school financial handbook. Negotiation with individual suppliers and as part of consortium purchasing. Cleaning contract and IT support contracts dealt with according to tendering protocol. Capital building projects dealt with according to EU tendering procedure, as appropriate.
3. Meticulous evaluations of impact on student outcomes including examination results, value added progress and student attendance.
 - For example: provision map of targeted support to be extended to every child in school and Pupil Premium return incorporated.Target: to increase level of attendance for all pupils especially SEND/Pupil Premium
4. Sharing of good practice amongst collaborative schools, for example:
 - Research conducted by the Principal recorded on the NCSL website outlining how Local Leaders of Education (LLE) can best support school.

BEIS YAAKOV JEWISH HIGH SCHOOL ACADEMY

GOVERNORS' REPORT (continued)

YEAR ENDED 31 AUGUST 2018

STRATEGIC REPORT

Financial Review

Most of the Academy's income is obtained from the Department for Education (DFE) in the form of recurrent grants, the use of which is restricted to particular purposes. The grants received from the DFE during the year ended 31st August 2018 and the associated expenditure are shown as restricted funds in the Statement of Financial Activities. The Academy also receives grants for fixed assets from the DFE. In accordance with the Charities Statement of Recommended Practice, 'Accounting and Reporting by Charities' (FRS 102), such grants are shown in the Statement of Financial Activities as restricted income in the fixed asset fund. The restricted fixed asset fund balance is reduced by annual depreciation charges over the expected useful life of the assets concerned. The Assets, Liabilities and Funds of the Governing Body of the Jewish High School were transferred to the Academy on 01 September 2012.

During the period ended 31 August 2018, total expenditure of £2,955,362 was more than covered by recurrent grant funding from the DFE together with other incoming resources. The excess of income over expenditure for the period before other recognised gains and losses (excluding surplus funds transferred, restricted fixed asset funds and restricted pension funds) was (£103,391).

Principal Risks and Uncertainties

The Governors consider that the principal risks and uncertainties facing the Academy are:

- Meeting requisite standards of education for students in core subjects.
- Complying with legislative requirements regarding employment law, data protection, discrimination, Companies House and HMRC, child protection, the Charity Commission and the strong balanced curriculum.
- Financial risk - not operating within its budget and running a deficit, changes in funding, inappropriate or insufficient financial controls and systems, fraudulent activity and/or financial commitments made without adequate authorisation.
- Operational risks - resulting from inexperienced or inappropriate staff being employed and inaccurate, out of date or inappropriate information.

The key controls used by the Academy include:

- Detailed terms of reference for all committees.
- Formal agendas for the academy board and committees.
- Schemes of delegation and formal financial regulations.
- Formal written policies.
- Clear authorisation and approval levels.
- Policies and procedures required by law to protect the vulnerable.

Reserves Policy

The Governors review the reserves levels of the academy annually. This review will encompass the nature of income and expenditure streams, the need to match income with commitments and the nature of reserves. The Governors have determined that an appropriate level of free reserves should be equivalent to £100,000. The reason for this is to provide sufficient working capital to cover delays between spending and receipt of grants and to provide a cushion to deal with unexpected emergencies such as urgent maintenance. The Academy's current level of free reserves (total funds less the amount held in fixed assets and restricted funds) is £80,757.

Investment Policy

The Governors' policy is to invest any surplus funds in low risk short term deposits.

Plans for Future Periods

The main objectives for the next academic year are stated in the 2018 School Improvement Plan and stated, along with actions required, as follows:

1. Targeted early integrated intervention for students not making sufficient progress.
2. Teachers to use assessment information more accurately to be able to set work of exactly the right level to challenge the most able pupils.
3. Making more efficient use of teaching assistants to raise the progress of low ability and most able students.
4. Raise teacher expectations and therefore pupil outcomes for all to a minimum of three levels of progress.

Auditor

HAS LTD has indicated its willingness to continue in office.

Statement as to Disclosure of Information to Auditors

The governors have confirmed that, as far as they are aware, there is no relevant audit information of which the auditors are unaware. All governors have confirmed that they have taken all the steps that they ought to have taken as governors in order to make themselves aware of any relevant audit information and to establish that it has been communicated to the auditor.

Approved by order of the members of the governing body on 19 December 2018 and signed on its behalf by:

BEIS YAAKOV JEWISH HIGH SCHOOL ACADEMY

GOVERNANCE STATEMENT

YEAR ENDED 31 AUGUST 2018

Scope of Responsibility

As governors, we acknowledge we have overall responsibility for ensuring that Beis Yaakov Jewish High School Academy has an effective and appropriate system of control, financial and otherwise. However such a system is designed to manage rather than eliminate the risk of failure to achieve business objectives, and can provide only reasonable and not absolute assurance against material misstatement or loss.

The governing body has delegated the day-to-day responsibility to the Principal, as accounting officer, for ensuring financial controls conform with the requirements of both propriety and good financial management and in accordance with the requirements and responsibilities assigned to it in the funding agreement between Beis Yaakov Jewish High School Academy and the Secretary of State for Education. They are also responsible for reporting to the governing body any material weaknesses or breakdowns in internal control.

Review of Value for Money

As accounting officer the (principal) has responsibility for ensuring that the academy trust delivers good value in the use of public resources. The accounting officer understands that value for money refers to the educational and wider societal outcomes achieved in return for the taxpayer resources received.

The Purpose of the System of Internal Control

The system of internal control is designed to manage risk to a reasonable level rather than to eliminate all risk of failure to achieve policies, aims and objectives; it can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an on-going process designed to identify and prioritise the risks to the achievement of academy trust policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically. The system of internal control has been in place in Beis Yaakov Jewish High School Academy for the year ended 31 August 2018 and up to the date of approval of the annual report and financial statements.

Capacity to Handle Risk

The governing body has reviewed the key risks to which the academy trust is exposed together with the operating, financial and compliance controls that have been implemented to mitigate those risks. The governing body is of the view that there is a formal on-going process for identifying, evaluating and managing the academy trust's significant risks that has been in place for the year ending 31 August 2018 and up to the date of approval of the annual report and financial statements. This process is regularly reviewed by the governing body.

The risk and control framework

The Academy Trust's system of internal financial control is based on a framework of regular management information and administrative procedures including the segregation of duties and a system of delegation and accountability. In particular, it includes:

- comprehensive budgeting and monitoring systems with an annual budget and periodic financial reports which are reviewed and agreed by the Governing Body;
- regular reviews by the Finance Sub Committee of reports which indicate financial performance against the forecasts and of major purchase plans, capital works and expenditure programmes;
- setting targets to measure financial and other performance;
- clearly defined purchasing (asset purchase or capital investment) guidelines;
- delegation of authority and segregation of duties;
- identification and management of risks.

The board of trustees has considered the need for a specific internal audit function and has decided not to appoint an internal auditor. However the trustees have appointed HAS Ltd, the external auditor, to perform additional checks.

HAS Ltd's role includes giving advice on financial matters and performing a range of checks on the academy trust's financial systems.

In particular, checks carried out in the current period include substantive and other tests on the controls of the academy along with other audit techniques required to be able to express an opinion on the risk and control framework.

BEIS YAAKOV JEWISH HIGH SCHOOL ACADEMY

GOVERNANCE STATEMENT

YEAR ENDED 31 AUGUST 2018

Review of effectiveness

As Accounting Officer, the Principal has responsibility for reviewing the effectiveness of the system of internal control. During the period in question the review has been informed by:

- The work of the Responsible Officer.
- The work of the external auditor.
- The work of the senior managers within the Academy Trust who have responsibility for the development and maintenance of the internal control framework.

The Finance & Building Sub Committee completed the Finance Management & Governance Evaluation (FMGE) in January 2014 and was graded 'Good' by the EFA.

The Accounting Officer has been advised of the implications of the result of their review of the system of internal control by the Resources Committee and a plan to address weaknesses and ensure continuous improvement of the system is in place.

BEIS YAAKOV JEWISH HIGH SCHOOL ACADEMY

STATEMENT ON REGULARITY, PROPRIETY AND COMPLIANCE

YEAR ENDED 31 AUGUST 2018

As accounting officer of Beis Yaakov Jewish High School Academy I have considered my responsibility to notify the academy trust governing body and the Education Funding Agency of material irregularity, impropriety and non-compliance with EFA terms and conditions of funding, under the funding agreement in place between the academy trust and the Secretary of State. As part of my consideration I have had due regard to the requirements of the Academies Financial Handbook.

I confirm that I and the academy trust governing body are able to identify any material irregular or improper use of funds by the academy trust, or material non-compliance with the terms and conditions of funding under the academy trust's funding agreement and the Academies Financial Handbook.

I confirm that no instances of material irregularity, impropriety or funding non-compliance have been discovered to date.

Signed

Rabbi N Wilson

Accounting officer

19 December 2018

BEIS YAAKOV JEWISH HIGH SCHOOL ACADEMY

GOVERNOR'S RESPONSIBILITIES

YEAR ENDED 31 AUGUST 2018

The governors (who act as trustees for charitable activities of Beis Yaakov Jewish High School Academy and are also the directors of the Charitable Company for the purposes of company law) are responsible for preparing the governors' report and the financial statements in accordance with the Annual Accounts Requirements issued by the Education Funding Agency, United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) and applicable law and regulations.

Company law requires the governors to prepare financial statements for each financial year. Under company law the governors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Charitable Company and of its incoming resources and application of resources, including its income and expenditure, for that period. In preparing these financial statements, the governors are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP FRS 102 and the Accounts Direction 2017 to 2018;
- make judgments and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards FRS 102 have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Charitable Company will continue in business.

The governors are responsible for keeping adequate accounting records that are sufficient to show and explain the Charitable Company's transactions and disclose with reasonable accuracy at any time the financial position of the Charitable Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Charitable Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The governors are responsible for ensuring that in its conduct and operation the Charitable Company applies financial and other controls, which conform with the requirements both of propriety and of good financial management. They are also responsible for ensuring grants received from the EFA/DfE have been applied for the purposes intended.

The governors are responsible for the maintenance and integrity of the corporate and financial information included on the Charitable Company's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

BEIS YAAKOV JEWISH HIGH SCHOOL ACADEMY

INDEPENDENT REPORTING ACCOUNTANT'S ASSURANCE REPORT ON REGULARITY TO BEIS YAAKOV JEWISH HIGH SCHOOL ACADEMY AND THE EDUCATION FUNDING AGENCY

YEAR ENDED 31 AUGUST 2018

In accordance with the terms of our engagement letter dated 03 November 2015 and further to the requirements of the Education Funding Agency (EFA) as included in the Academies: Accounts Direction 2017/18, we have carried out an engagement to obtain limited assurance about whether the expenditure disbursed and income received by Beis Yaakov Jewish High School Academy during the year 1 September 2017 to 31 August 2018 have been applied to the purposes identified by Parliament and the financial transactions conform to the authorities which govern them.

This report is made solely to Beis Yaakov Jewish High School Academy and the EFA in accordance with the terms of our engagement letter. Our work has been undertaken so that we might state to the Beis Yaakov Jewish High School Academy and the EFA those matters we are required to state in a report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than Beis Yaakov Jewish High School Academy and the EFA, for our work, for this report, or for the conclusion we have formed.

Respective responsibilities of Beis Yaakov Jewish High School Academy's accounting officer and the reporting accountant

The accounting officer is responsible, under the requirements of the Beis Yaakov Jewish High School Academy's funding agreement with the Secretary of State for Education dated 29 August 2012 and the Academies Financial Handbook as published by the DfES on 1 September 2017, for ensuring that expenditure disbursed and income received is applied the purposes intended by Parliament and the financial transactions conform to the authorities which govern them.

Our responsibilities for this engagement are established in the United Kingdom by our profession's ethical guidance and are to obtain limited assurance and report in accordance with our engagement letter and the requirements of the Academies Accounts Direction 2017 to 2018. We report to you whether anything has come to our attention in carrying out our work which suggests that in all material respects, expenditure disbursed and income received during the year 1 September 2017 to 31 August 2018 have not been applied to purposes intended by Parliament and the financial transactions do not conform to the authorities which govern them.

Approach

We conducted our engagement in accordance with the Academies Accounts Direction 2017 to 2018 issued by the EFA. We performed a limited assurance engagement as defined in our engagement letter. The objective of a limited assurance engagement is to perform such procedures as to obtain information and explanations in order to provide us with sufficient appropriate evidence to express a negative conclusion on regularity.

A limited assurance engagement is more limited in scope than a reasonable assurance engagement and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in a reasonable assurance engagement. Accordingly, we do not express a positive opinion.

Our engagement includes examination, on a test basis, of evidence relevant to the regularity and propriety of the academy trust's income and expenditure.

The work undertaken to draw our conclusion includes testing of internal controls as well substantive testing on income and expenditure.

Conclusion

In the course of our work, nothing has come to our attention which suggests that in all material respects the expenditure disbursed and income received during the year 1 September 2017 to 31 August 2018 has not been applied to purposes intended by Parliament and the financial transactions do not conform to the authorities which govern them.

19 December 2018

BEIS YAAKOV JEWISH HIGH SCHOOL ACADEMY

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF BEIS YAAKOV JEWISH HIGH SCHOOL ACADEMY

YEAR ENDED 31 AUGUST 2018

We have audited the financial statements of Beis Yaakov Jewish High School Academy for the year ended 31 August 2018 which comprise Statement of Financial Activities, the Balance Sheet and the Cash Flow Statement and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

As explained more fully in the Governors' Responsibilities Statement set out on page 8, the governors (who are also the directors of the academy for the purposes of company law) are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view.

Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's (APB's).

Scope of the audit of the financial statements

A description of the scope of an audit of financial statements is provided on the FRC's website at www.frc.org.uk/apb/scope/private.cfm

Respective responsibilities of governors and auditor

The governors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland).

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the academy's affairs as at 31 August 2018 and of its incoming resources and application of resources, including its income and expenditure, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice;
- have been prepared in accordance with the requirements of the Companies Act 2006.
- have been prepared in accordance with the requirements of the Charities SORP FRS 102 and Academies Accounts Direction 2017 to 2018.

Emphasis of matter

We are basing the going concern of the Academy that there will be sufficient funding and resources to the end of December 2019 notwithstanding that we have not received adequate evidence to support this assertion. Our opinion is not modified in respect of this matter.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the Governors' Annual Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of governors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or

Signed

BEIS YAAKOV JEWISH HIGH SCHOOL ACADEMY

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED 31 AUGUST 2018

1. Statement of Accounting Policies

Basis of Preparation

The financial statements of the academy trust, which is a public benefit entity under FRS 102, have been prepared under the historical cost convention in accordance with the Financial Reporting Standard Applicable in the UK and Republic of Ireland (FRS 102), the Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (Charities SORP (FRS 102)), the Academies Accounts Direction 2017 to 2018 issued by ESFA, the Charities Act 2011 and the Companies Act 2006.

Beis Yaakov High School Academy meets the definition of a public benefit entity under FRS 102.

Going Concern

These financial statements have been prepared on a going concern basis, which the Governors consider to be appropriate notwithstanding the emphasis of matter referred to in the auditors report.

Incoming Resources

All incoming resources are recognised when the academy trust has entitlement to the funds, certainty of receipt and the amount can be measured with sufficient reliability.

Grants receivable

Fixed asset grants are included in the Statement of Financial Activities on a receivable basis. The balance of income received for specific purposes but not expended during the period is shown in the relevant funds on the balance sheet. The general annual grant ('the GAG') from the DfE, which is intended to meet recurrent costs, is credited directly to the Statement of Financial Activities. Other grants from government agencies and other bodies are recognised in the period in which they are receivable to the extent the conditions of funding have been met. Where income is received in advance of entitlement of receipt its recognition is deferred and included in creditors as deferred income. Where entitlement occurs before income is received the income is accrued.

Capital grants are recognised in full when there is an unconditional entitlement to the grant. Unspent amounts of capital grants are reflected in the balance sheet in the restricted fixed asset fund. Capital grants are recognised when there is entitlement and are not deferred over the life of the asset on which they are expended.

Sponsorship Income

Sponsorship income provided to the academy trust which amounts to a donation is recognised in the Statement of Financial Activities in the period in which it is receivable (where there are no performance-related conditions), where the receipt is probable and it can be measured reliably.

Donations

Donations are recognised on a receivable basis (where there are no performance-related conditions) where the receipt is probable and the amount can be reliably measured.

Other Income

Other income, including the hire of facilities, is recognised in the period it is receivable and to the extent the academy trust has provided the goods or services.

Donated goods and facilities

Goods donated for resale are included at fair value, being the expected proceeds from sale less the expected costs of sale. If it is practical to assess the fair value at receipt, it is recognised in stock and 'Income from other trading activities'. Upon sale, the value of the stock is charged against 'Income from other trading activities' and the proceeds are recognised as 'Income from other trading activities'. Where it is impractical to fair value the items due to the volume of low value items they are not recognised in the financial statements until they are sold. This income is recognised within 'Income from other trading activities'.

BEIS YAAKOV JEWISH HIGH SCHOOL ACADEMY

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED 31 AUGUST 2018

1. Statement of Accounting Policies (continued)

Donated Services and gifts in kind

The value of donated services and gifts in kind provided to the academy trust are recognised at their open market value in the period in which they are receivable as incoming resources, where the benefit to the academy trust can be reliably measured. An equivalent amount is included as expenditure under the relevant heading in the Statement of Financial Activities, except where the gift in kind was a fixed asset in which case the amount is included in the appropriate fixed asset category and depreciated over the useful economic life in accordance with academy trust's policies.

Certain fixed assets were transferred from the governors on conversion to an academy on 1 April 2011 and are recognised on the following bases:

- School land and buildings are regarded as specialist properties and have been recognised at current market value. The ownership of the land and buildings is vested with custodian trustees who have allowed access to the land and buildings on a rent free basis by way of a lease.
- Sundry assets relating to furniture & equipment as well as IT equipment.

Resources Expended

All expenditure is recognised in the period in which a liability is incurred and has been classified under headings that aggregate all costs related to that category. Where costs cannot be directly attributed to particular headings they have been allocated on a basis consistent with the use of resources, with central staff costs allocated on the basis of time spent, and depreciation charges allocated on the portion of the asset's use. Other support costs are allocated based on the spread of staff costs.

Costs of generating funds

These are costs incurred in attracting voluntary income, and those incurred in trading activities that raise funds.

Charitable activities

These are costs incurred on the academy trust's educational operations.

Governance Costs

These include the costs attributable to the academy trust's compliance with constitutional and statutory requirements, including audit, strategic management and reimbursed expenses.

All resources expended are inclusive of irrecoverable VAT.

Tangible Fixed Assets

Assets costing £1,000 or more are capitalised as tangible fixed assets and are carried at cost, net of depreciation and any provision for impairment.

Where tangible fixed assets have been acquired with the aid of specific grants, either from the government or from the private sector, they are included in the Balance Sheet at cost and depreciated over their expected useful economic life. The related grants are credited to a restricted fixed asset fund in the Statement of Financial Activities and carried forward in the Balance Sheet. Depreciation on such assets is charged to the restricted fixed asset fund in the Statement of Financial Activities so as to reduce the fund over the useful economic life of the related asset on a basis consistent with the academy trust's depreciation policy.

Other income

Other income, including the hire of facilities, is recognised in the period it is receivable and to the extent the goods have been provided or on completion of the service.

BEIS YAAKOV JEWISH HIGH SCHOOL ACADEMY

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED 31 AUGUST 2018

1. Statement of Accounting Policies (continued)

Depreciation is provided on all tangible fixed assets other than freehold land, at rates calculated to write off the cost of each asset on a reducing balance basis over its expected useful lives, as follows:

Freehold land & buildings	- 2% pa
Long leasehold land & buildings	- 2% pa
Fixtures, fittings and equipment	- 15% pa
IT equipment	- 33.3% pa

Assets in the course of construction are included at cost. Depreciation on these assets is not charged until they are brought into use.

A review for impairment of a fixed asset is carried out if events or changes in circumstances indicate that the carrying value of any fixed asset may not be recoverable. Shortfalls between the carrying value of fixed assets and their recoverable amounts are recognised as impairments. Impairment losses are recognised in the Statement of Financial Activities.

Liabilities

Liabilities are recognised when there is an obligation at the balance sheet date as a result of a past event, it is probable that a transfer of economic benefit will be required in settlement, and the amount of the settlement can be estimated reliably. Liabilities are recognised at the amount that the academy trust anticipates it will pay to settle the debt or the amount it has received as advanced payments for the goods or services it must provide.

Provisions

Provisions are recognised when the academy trust has an obligation at the reporting date as a result of a past event which it is probable will result in the transfer of economic benefits and the obligation can be estimated reliably.

Accounting estimates and areas of judgement

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Critical accounting estimates and assumptions

The academy trust makes estimates and assumptions concerning the future. The resulting accounting estimates and assumptions will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

The present value of the Local Government Pension Scheme defined benefit liability depends on a number of factors that are determined on an actuarial basis using a variety of assumptions. The assumptions used in determining the net cost (income) for pensions include the discount rate. Any changes in these assumptions, which are disclosed in note 29, will impact the carrying amount of the pension liability.

Furthermore a roll forward approach which projects results from the latest full actuarial valuation performed at 31 March 2016 has been used by the actuary in valuing the pensions liability at 31 August 2018. Any differences between the figures derived from the roll forward approach and a full actuarial valuation would impact on the carrying amount of the pension liability.

Critical areas of judgement

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Leased Assets

Rentals under operating leases are charged on straight line basis over the lease term.

BEIS YAAKOV JEWISH HIGH SCHOOL ACADEMY

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED 31 AUGUST 2018

1. Statement of Accounting Policies (continued)

Stock

Stationery and catering stocks are valued at the lower of cost or net realisable value.

Taxation

The academy trust is considered to pass the tests set out in Paragraph 1 Schedule 6 of the Finance Act 2010 and therefore it meets the definition of a charitable company for UK corporation tax purposes. Accordingly, the academy trust is potentially exempt from taxation in respect of income or capital gains received within categories covered by Chapter 3 Part 11 of the Corporation Tax Act 2010 or Section 256 of the Taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied exclusively to charitable purposes.

Pensions Benefits

Retirement benefits to employees of the academy trust are provided by the Teachers' Pension Scheme ('TPS') and the Local Government Pension Scheme ('LGPS'). These are defined benefit schemes, are contracted out of the State Earnings-Related Pension Scheme ('SERPS'), and the assets are held separately from those of the academy trust.

The TPS is an unfunded scheme and contributions are calculated so as to spread the cost of pensions over employees' working lives with the academy trust in such a way that the pension cost is a substantially level percentage of current and future pensionable payroll. The contributions are determined by the Government Actuary on the basis of quinquennial valuations using a prospective benefit method. As stated in Note 26, the TPS is a multi-employer scheme and the academy trust is unable to identify its share of the underlying assets and liabilities of the scheme on a consistent and reasonable basis. The TPS is therefore treated as a defined contribution scheme and the contributions recognised as they are paid each year.

The LGPS is a funded scheme and the assets are held separately from those of the academy trust in separate trustee administered funds. Pension scheme assets are measured at fair value and liabilities are measured on an actuarial basis using the projected unit method and discounted at a rate equivalent to the current rate of return on a high quality corporate bond of equivalent term and currency to the liabilities. The actuarial valuations are obtained at least triennially and are updated at each balance sheet date. The amounts charged to operating surplus are the current service costs and gains and losses on settlements and curtailments. They are included as part of staff costs. Past service costs are recognised immediately in the Statement of Financial Activities if the benefits have vested. If the benefits have not vested immediately, the costs are recognised over the period until vesting occurs. The expected return on assets and the interest cost are shown as a net finance amount of other finance costs or credits adjacent to interest. Actuarial gains and losses are recognised immediately in other gains and losses.

Fund Accounting

Unrestricted income funds represent those resources which may be used towards meeting any of the charitable objects of the academy trust at the discretion of the governors.

Restricted fixed asset funds are resources which are to be applied to specific capital purposes imposed by the Education Funding Agency where the asset acquired or created is held for a specific purpose.

Restricted general funds comprise all other restricted funds received and include grants from the Education Funding Agency.

Financial Instruments

The academy trust only holds basic financial instruments as defined in FRS 102. The financial assets and financial liabilities of the academy trust and their measurement basis are as follows:

Financial assets – trade and other debtors are basic financial instruments and are debt instruments measured at amortised cost as detailed in the notes. Prepayments are not financial instruments.

Cash at bank – is classified as a basic financial instrument and is measured at face value. None are included in this model but if relevant the suggested disclosure could be as follows, with valuation in line with the SORP [paragraphs 10.44 to 10.49].

Financial liabilities – trade creditors, accruals and other creditors are financial instruments, and are measured at amortised cost as detailed in notes 16 and 17. Taxation and social security are not included in the financial instruments disclosure definition. Deferred income is not deemed to be a financial liability, as the cash settlement has already taken place and there is an obligation to deliver services rather than cash or another financial instrument. Amounts due to charity's wholly owned subsidiary are held at face value less any impairment.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED 31 AUGUST 2018

10. Staff costs	Total 2018 £	Total 2017 £
Staff costs during the period were:		
Wages and salaries	1,768,430	1,780,443
Social security costs	141,646	139,628
Pension costs	309,468	171,646
	<u>2,219,544</u>	<u>2,091,717</u>
Supply teacher costs	49,066	28,116
Compensation payments	52,410	0
	<u>2,321,020</u>	<u>2,119,833</u>

The average number of persons (including senior management team) employed by the academy during the year expressed as full time equivalents was as follows:

	2018 No.	2017 No.
Charitable Activities		
Teachers	73	78
Administration and support	15	14
Management	4	4
	<u>92</u>	<u>96</u>

The number of employees whose emoluments fell within the following bands was:

	2018 No.	2017 No.
£60,001 - £80,000	<u>2</u>	<u>2</u>

Twenty six of the above employees participated in the Teachers' Pension Scheme. During the year ended 31 August 2018, pension contributions for these staff amounted to £63,619 (2017: £57,857). Forty one employees participated in the Local Government Pension Scheme, pension contributions amounted to £53,577 (2017:£18,821).

11. Related Party Transactions

Governors' remuneration and expenses

Principal and staff governors only receive remuneration in respect of services they provide undertaking the roles of Principal and staff and not in respect of their services as governors. Other governors did not receive any payments or expenses from the academy in respect of their role as governors.

The value of governors' remuneration was as follows:

Principal:	£nil (2017: £nil)
Other staff Governors:	£24,595 (2017: £24,595)

During the year ended 31 August 2018, travel and subsistence expenses totalling £150 (2017 £150) were reimbursed to 1 governor (2017: 1).

Other related party transactions involving the trustees are set out in note 27.

BEIS YAAKOV JEWISH HIGH SCHOOL ACADEMY

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED 31 AUGUST 2018

12. Governors' and Officers' Insurance

In accordance with normal commercial practice the academy has purchased insurance to protect governors and officers from claims arising from negligent acts, errors or omissions occurring whilst on academy business. The insurance provides cover up to £100,000 on any one claim and the cost for the period ended 31 August 2018 was £100 (2017: £100).

The cost of this insurance is included in the total insurance cost.

BEIS YAAKOV JEWISH HIGH SCHOOL ACADEMY

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED 31 AUGUST 2018

25. Members' Liability

Each member of the charitable company undertakes to contribute to the assets of the company in the event of it being wound up while he/she is a member, or within one year after he/she ceases to be a member, such amount as may be required, not exceeding £10 for the debts and liabilities contracted before he/she ceases to be a member.

BEIS YAAKOV JEWISH HIGH SCHOOL ACADEMY

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED 31 AUGUST 2018

26. Pension and other obligations

The academy's employees belong to two principal pension schemes: the Teachers' Pension Scheme England and Wales (TPS) for academic and related staff; and the Local Government Pension Scheme (LGPS) for non-teaching staff, which is managed by Tameside MBC. Both are defined-benefit schemes.

The pension costs are assessed in accordance with the advice of independent qualified actuaries. The latest actuarial valuation of the TPS related to the period ended 31 March 2004 and of the LGPS 31 March 2014. There were no outstanding or prepaid contributions at either the beginning or the end of the financial year.

Teachers' Pension Scheme

Introduction

The Teachers' Pension Scheme (TPS) is a statutory, contributory, defined benefit scheme, governed by the Teachers' Pensions Regulations (2010) and, from 1 April 2015, by the Teachers' Pension Scheme Regulations 2015. Membership is automatic for full-time teachers in academies and, from 1 January 2007, automatic for teachers in part-time employment following appointment or a change of contract, although they are able to opt out.

The TPS is an unfunded scheme and members contribute on a 'pay as you go' basis – these contributions along with those made by employers are credited to the Exchequer. Retirement and other pension benefits are paid by public funds provided by Parliament.

The Teachers' Pensions Regulations require an annual account to be kept of receipts and expenditure (including the cost of pensions' increases). From 1 April 2001, the account has been credited with a real rate of return, which is equivalent to assuming that the balance in the account is invested in notional investments that produce that real rate of return.

Valuation of the Teachers' Pension Scheme

At the last valuation, the contribution rate to be paid into the TPS was assessed in two parts. First, a standard contribution rate (SCR) was determined. This is the contribution, expressed as a percentage of the salaries of teachers and lecturers in service or entering service during the period over which the contribution rate applies, which if it were paid over the entire active service of these teachers and lecturers would broadly defray the cost of benefits payable in respect of that service. Secondly, a supplementary contribution is payable if, as a result of the actuarial review, it is found that accumulated liabilities of the account for benefits to past and present teachers, are not fully covered by standard contributions to be paid in future and by the notional fund built up from past contributions. The total contribution rate payable is the sum of the SCR and the supplementary contribution rate.

The last valuation of the TPS related to the period 1 April 2001 to 31 March 2004. The Government Actuary's report of October 2006 revealed that the total liabilities of the Scheme (pensions in payment and the estimated cost of future benefits) amounted to £166,500 million. The value of the assets (estimated future contributions together with the proceeds from the notional investments held at that valuation date) was £163,240 million. The assumed real rate of return was 3.5% in excess of prices and 2% in excess of earnings. The rate of real earnings growth was assumed to be 1.5%. The assumed gross rate of return was 6.5%. From 1 January 2007, the SCR was assessed at 19.75%, and the supplementary contribution rate was assessed to be 0.75% (to balance assets and liabilities as required by the regulations within 15 years). This resulted in a total contribution rate of 20.5%, which translated into an employee contribution rate of 6.4% and employer contribution rate of 14.1% payable.

The Public Service Pensions Bill provides for future scheme valuations to be conducted in accordance with Treasury directions. The actuarial valuation report in summer 2015 takes effect from September 2015.

Teachers' Pension Scheme Changes

Lord Hutton made recommendations in 2011 about how pensions can be made sustainable and affordable, whilst remaining fair to the workforce and the taxpayer. The Government accepted Lord Hutton's recommendations as the basis for consultation with trade unions and other representative bodies. In March 2012 the Department for Education published proposals for the design for a reformed TPS.

The key provisions of the reformed scheme include: a pension based on career average earnings; an accrual rate of 1/57th; and a Normal Pension Age equal to State Pension Age, but with options to enable members to retire earlier or later than their Normal Pension Age. Pension benefits built up before 1 April 2015 will be fully protected.

In addition, the proposed final agreement includes a Government commitment that those within 10 years of normal pension age on 1 April 2012 will see no change to the age at which they can retire, and no decrease in the amount of pension they receive when they retire. There will also be further transitional protection, tapered over a three and a half year period, for people who would fall up to three and a half years outside of the 10 year protection.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED 31 AUGUST 2018

26. Pension and other obligations (continued)

In his interim report of October 2010, Lord Hutton recommended that short-term savings were also required, and that the only realistic way of achieving these was to increase member contributions. At the Spending Review 2010 the Government announced an average increase of 3.2 percentage points on the contribution rates by 2015-15. The increases have been phased in since April 2012 on a 40:80:100% basis.

The Department for Education has continued to work closely with trade unions and other representatives bodies to develop the reformatted Teachers' Pension Scheme and regulations giving effect to it came into force on 1 April 2015. Communications are being rolled out and the reformatted scheme will commence on 1 April 2015.

Under the definitions set out in Financial Reporting Standard (FRS 17) Retirement Benefits, the TPS is a multi-employer pension scheme. The academy is unable to identify its share of the underlying assets and liabilities of the scheme. Accordingly, the academy has taken advantage of the exemption in FRS 17 and has accounted for its contributions to the scheme as if it were a defined contribution scheme. The academy has set out above the information available on the scheme.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED 31 AUGUST 2018

26. Pension and similar obligations (continued)

Local Government Pension Scheme

The LGPS is a funded defined-benefit scheme, with the assets held in separate trustee-administered funds. The total contribution made for the period ended 31 August 2018 was £72,002 (2017: £20,759) of which employer's contributions totalled £55,905 (2017: £15,552) and employees' contributions totalled £16,097 (2017: £5,207).

The agreed contribution rates for future years are 14.1 per cent for employers and 7 per cent for employees.

Principal Actuarial Assumptions	At 31 August 2018	At 31 August 2017
Rate of increase in salaries	3.20%	3.20%
Rate of increase for pensions in payment / inflation	3.20%	3.20%
Discount rate for scheme liabilities	2.80%	2.50%
Inflation assumption (CPI)	2.40%	2.40%
Commutation of pensions to lump sums	55%	55%

The current mortality assumptions include sufficient allowance for future improvements in mortality rates. The assumed life expectations on retirement age 65 are:

	At 31 August 2018	At 31 August 2017
<i>Retiring today</i>		
Males	21.5	21.5
Females	24.1	24.1
<i>Retiring in 20 years</i>		
Males	23.7	23.7
Females	26.2	26.2

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED 31 AUGUST 2018

26. Pension and similar obligations (continued)

Local Government Pension Scheme (Continued)

The academy's share of the assets and liabilities in the scheme and the expected rates of return were:

	Expected return at 31 August 2018	Fair value at 31 August 2018 £(000)	Expected return at 31 August 2017	Fair value at 31 August 2017 £(000)
Equities	6.30%	373	6.30%	197
Bonds	3.20%	89	3.20%	43
Property	4.50%	38	4.50%	16
Cash	3.30%	49	3.30%	14
Total market value of assets		549		270
Present value of scheme liabilities				
- Funded		(679)		(332)
Surplus/(deficit) in the scheme		(130)		(62)

The actual return on scheme assets was £18,000 (2017: £18,000).

The actuarial gains and losses for the current period are recognised in the SOFA.
